

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

## FOREWORD

**T**HIS Index has been compiled from the Authorized American trade edition of Rudyard Kipling's works, all of which are published by Doubleday, Page and Company with the exception of the First and Second JUNGLE BOOKS and CAPTAINS COURAGEOUS, which are issued by The Century Company.

¶ This Index contains only such works as Mr. Kipling has authorized and desires to preserve.

¶ It is issued gratuitously by Doubleday, Page and Company for the benefit of those who are interested in the work of Mr. Kipling. The Index is not for sale; it may be had by anyone who requests it, and forwards five cents for postage.

¶ Those consulting the Index would do well to note the following:

¶ Every title is indexed under the first word, *disregarding the article*, except first lines of verse. Some titles are also indexed under the second and third important words when necessary.

¶ In the case of short stories and verses a full list of contents follows each book title. There is also a separate entry for each of the contents with a cross-reference to the volume which contains it.

¶ Verses without titles occurring in the course of a volume are indexed under their first lines, when of sufficient importance to require a separate entry.

¶ Attention is directed to the entry in the Index "AMERICAN NOTES", under which are summarized the contents of Mr. Kipling's letters upon things American.

¶ No attempt has been made in the body of the Index to specify editions or prices of the books. This information will be found at the end of the Index in a complete advertisement of the Authorized trade editions.

¶ Grateful acknowledgment is made here of the help received, both in proof-reading and suggestion, from Miss Blanche M. Kelly, of The Robert Appleton Company; Mr. Allen R. Dodd, of Montclair, N. J.; and from Mr. Edward Lucas White, Master in the Boys' Latin School of Baltimore.
